**How: Transportation will be provided. Two vans will be available to provide transportation for participants leaving from Monticello and London at 7:30 am with possible stops to pick up participants in Somerset, Danville, Mount Vernon and Berea. Call for more information and details.**

### **Registration Required:**

**Please register by calling the Laurel Co Extension Office  
at 606-864-4167**

The Southeast Kentucky Sheep Producers Association invites you to attend a Lamb Slaughtering and Processing Workshop on Friday, March 18, 2022 from 10 AM to 3 PM. The morning program will be at the UK Sheep Farm in Woodford Co where participants will receive hands-on instruction on what makes a good lamb carcass. The afternoon session will be at the UK Meat Lab on the Lexington campus and will provide participants with instruction on slaughtering and processing a lamb. Tell other sheep farmers in your area about the workshop

### **CALL TODAY!**

**Space will be limited to 20 people for this workshop. Participants will be registered on a first come, first served basis. We ask that you register by calling 606-864-4167 to confirm your participation. If more than 20 people sign up, a waiting list will be maintained for a second Lamb Slaughtering & Processing Workshop later in the year.**
